The name of the shopping center is "York-Benimaru Tsukuba-Takezono branch"

This place is on the opposite side (east) of CAPIO and the south of Tsukuba Central Police Station.

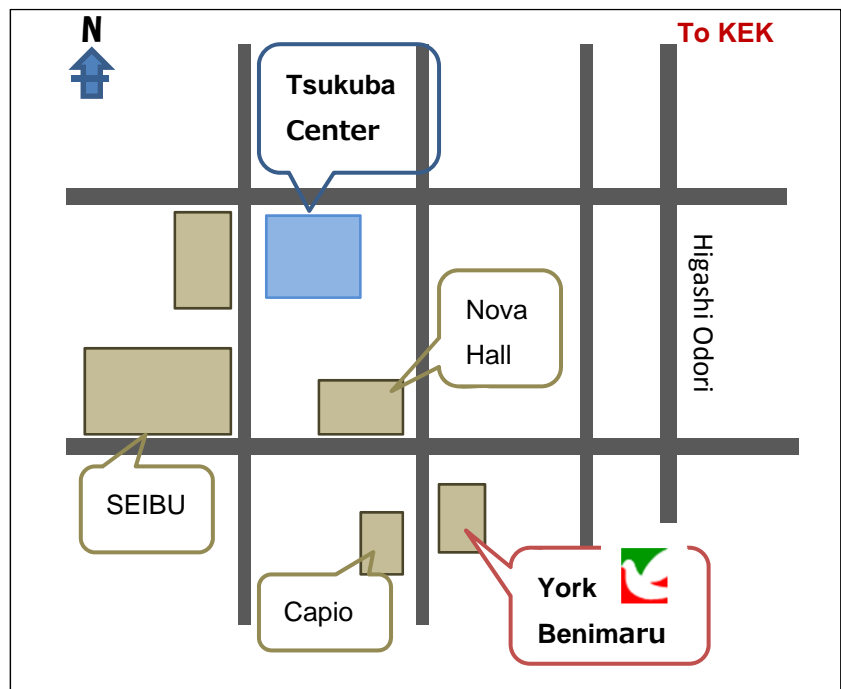

- Hours: Open year-round between 9:00 and 22:00

There is the shop "Jupiter" inside of York-Benimaru.

One nice feature is the "Jupiter", a grocery store that handles varieties of **imported foods**. Choice of cheese is by far the best in Tsukuba, although price of cheese in Japan is ridiculously high. Good collection of olive oils, olives, spices, Asian foods and coffee beans were noticeable.
