

Applying for Network Connections for KEK Users

※KEK requires anti-virus software to be installed when using wireless LAN.

※User registration is required.

○If you need [wireless](#) LAN connection, but no need for internal intranet connection:

<Medium to long-term users> Apply for 【KEK Spot (SSID : keyaki)】 → Next page [Wireless①](#)

<Temporary or short-term users > Apply for 【Guest net (SSID : keyaki)】 → Next page [Wireless③](#)

○If you need [wireless](#) LAN connection and also need internal intranet connection:

Please first get an approval from your host (“contact person”) in KEK, and then,
apply for 【MA Cluster (SSID : tsubaki-III)】 → Next page [Wireless②](#)

○If you need [wireless](#) LAN connection without any application process:

eduroam service provided by KEK is available for those who have eduroam account. → Next page [Wireless④](#)

○If you need [wired](#) LAN connection and also need internal intranet connection:

Please first get an approval from your host (“contact person”) in KEK, and then,
apply directly to cluster network administrator in each building where you need
the connection. → Next page [Wired①](#)

◆List of available networks for KEK users (User registration is required to use the following networks ①to③.)

Type	L A N name	SSID	Eligible users	Details	Access to KEK Intra Net	Period of use	Application pro
Wireless ①	Wireless LAN for KEK Users <KEK Spot >	keyaki	Registered KEK Users	◇Wireless LAN for KEK Users (General commercial line)	×	Up to 1 year (From the date of the permit to the end of March)	Apply via KRS
Wireless ②	Intranet Wireless LAN <MA Cluster >	tsubaki-III	Staff, Registered and Permitted KEK Users	◇Intranet wireless LAN for KEK staff ◇KEK users can also use the tsubaki-III if an intranet connection is required and approved by the contact person. (*)	○ (Conditional access *)	Up to 1 year (From the date of the permit to the end of March)	Apply via KRS
Wireless ③	Wireless LAN for KEK Users (temporary visitor) <UO Guest net >	keyaki	Registered KEK Users (temporarily visitor)	◇Wireless LAN for temporary visitors (General commercial line) ◇ Differences with <KEK Spot>? ・ Prior registration is not required. Please come directly to the UO. ・ Valid for two weeks.	×	Up to 2 weeks	Apply at UO
Wireless ④	International Wi-Fi roaming service <eduroam >	eduroam	eduroam account holder	◇The Internet access is available using eduroam. For more information, please contact the KEK Computing Research Center.	×	Available any time	No application process is needed with KEK
Wired ①	Wired LAN in KEK	—	Staff, Permitted KEK Users	◇Wired LAN for KEK staff ◇With the contact person's acknowledgement, a KEK user can connect to the intranet as needed. ◇Available for use in each building in KEK but requires individual application for each building.	○(conditional access)	Qualified period	Apply via E-mail to each cluster network administrator

※Wireless LAN ① - ④ is accessible from all buildings, dormitories and apartments on campus. We have installed a wireless LAN access point in each apartment. (Wired LAN is no longer available)

※ "Staff" in the list refers to KEK staff, KEK executive officers, Sokendai students and some others.
