INTERNATIONAL PHD PROGRAM AT SOKENDAI IN JAPAN

for Fostering Global Researchers to Lead
Transdisciplinary and Interdisciplinary Applications
of Quantum Technology

This is a full-scholarship program supported by the Japanese Ministry of Education, Culture, Sports, Science, and Technology (MEXT).

The program covers Tuition fee (JPY 535,800), Monthly Stipend (JPY 144,000-148,000*), Entrance Fee (JPY 282,000) and Round-trip air ticket from your place to Japan.

*The amount for 2027 may change depending on the budget conditions.

*The scholarship will NOT be paid to the grantee who takes a leave of absence from the university or does not attend classes for an extended period.

* Depending on the program's campus, a regional allowance of 2,000–3,000 yen per month may be added.
