

QUP Internship Program for Young Researchers

QUPIP

QUP develops new measurement systems using known quantum fields to search for unknown quantum fields.

Join to work together to create new eyes for staring into unknown quantum fields!

The requirements

- **Target Researchers:** Non-QUP Graduate students or post-doctoral fellows or equivalent positions, from any countries.
- **Place:** KEK Tsukuba campus, a QUP satellite institution (UC Berkeley), or QUP PI's home institutions (Oxford University, LBNL)
- **Duration:** 1 to 3 months (with possible extension)
- **Research:** Research to be carried out by QUP PIs and Senior Research Scientists.
- **Support:** Travel and accommodation expenses (subject to KEK's travel expenses regulations).
- **Application deadline:** No deadline. Accepted at any time as long as there are slots available.
