

CMB B-mode – NEXT

@KEK, Tsukuba – Seminar Hall Building 3
January 27-29, 2025

Scientific Organizing Committee:

Masaya Hasegawa (KEK-IPNS & QUP), Guillaume Patanchon (APC), Hirokazu Ishino (U Okayama), Hiroki Akamatsu (QUP & SRON), Yuji Chinone (QUP) Tijmen de Haan (KEK-IPNS & QUP), Tommaso Ghigna (QUP & IPMU)

The goals of this workshop are:

1. Review the latest results in CMB science
2. Define synergies between space-based and ground-based CMB measurements, data analysis, component separation and instrument development and modeling.
3. Following the core principles of the CMB-Inflate and Core-to-core programs, create strong international bonds between researchers and promote younger generations.

CMB-INFLATE is a Marie Skłodowska-Curie Actions (MSCA) Research and Innovation Staff Exchange (RISE) H2020 project.

研究拠点形成事業
Core-to-Core Program
